## **GUOWEI LD165 from 2026**

Loader + Unloader

### **Offer Details**

<b>Offer Number</b>	383367
<b>Brand</b>	GUOWEI
<b>Model</b>	LD165
<b>Manufacturer</b>	GUOWEI
<b>Condition</b>	New
<b>Year</b>	2026
<b>Incoterm</b>	Free On Board
<b>Cylinders Condition</b>	
<b>Under Power</b>	Yes
<b>Still in production</b>	Yes
<b>Test possible</b>	Yes
<b>Complete and in working condition</b>	Yes
<b>Availability</b>	Upon agreement
<b>Counter</b>	
<b>Machine number</b>	

<b>Description</b>	<p>The Automatic Paper Loading System is designed to streamline and automate the feeding process within modern cutting lines, delivering faster production, improved accuracy, and significantly reduced manual handling.</p> <p>Engineered to handle a wide range of paper grades and substrates, the system automatically separates, lifts, and feeds paper stacks directly to the cutting line worktable with exceptional precision and consistency. The advanced feed roller system quickly separates paper piles by a predetermined height, ensuring smooth and reliable transfer while maintaining perfect stack alignment.</p> <p>By automating one of the most labor-intensive stages of the cutting process, the system can reduce operator workload by up to 70%, increase labor efficiency by 70%, and improve overall production efficiency by as much as 200%. The result is faster job preparation, higher throughput, reduced downtime, and improved workplace ergonomics.</p> <p>The machine features a fully integrated touchscreen control system with intelligent automation functions, allowing operators to manage the entire loading process through a simple and intuitive interface. High-precision linear guideways, imported ball screws, advanced PLC controls, and premium pneumatic components ensure smooth operation, maximum accuracy, and long-term reliability.</p> <p>Manufactured in accordance with European CE standards, the system incorporates high-quality electrical and automation components from internationally recognized suppliers, delivering dependable performance even in demanding industrial environments.</p> <p>Ideal for commercial printers, packaging manufacturers, and paper converting facilities, the Automatic Paper Loading System provides an efficient and cost-effective solution for automating paper handling and maximizing productivity throughout the cutting workflow.</p>

## Technical details

<b>The largest feed specifications</b>	122x167 cm
<b>Paper pile maximum height</b>	140 cm
<b>Max load</b>	400 Kg
<b>Total machine power</b>	4 Kw
<b>Air requirement pressure</b>	6
<b>Paper cutteradapter specification</b>	166/176/186
<b>Overall dimension</b>	380x245x215 cm
<b>Weight</b>	2100 Kg

**PRICE: Upon request**
