

Offer 384331

HEIDELBERG XL 106-8P+L from 2022

8 Color

Offer Details

Offer Number	384331
Brand	HEIDELBERG
Model	XL 106-8P+L
Manufacturer	HEIDELBERG
Condition	Very good
Year	2022
Incoterm	
Cylinders Condition	Damage free
Under Power	Yes
Still in production	No
Test possible	Yes
Complete and in working condition	Yes
Availability	Upon agreement - currently under option
Counter	54 mio only!!!
Machine number	

Description

Press Center XL 3 Wallscreen Application
StaticStar Compact
Wallscreen XL 3 Integrated with Prinect Intellistart 3
Prinect Inpress Control 3, with two reading bars
Intelliline - LED Navigation
Intellistart 3
Preparation for Inspection Control 4
Push&Stop software
Lightweight paper package for machines with a perfecting unit
Equipment package for processing thin papers/films. Comprising various modifications to the feeder, delivery, and sheet guidance within the printing units to ensure optimal processing of thin substrates.
Hycolor Multidrive inking and dampening
First & second washing device
Automatic ink roller wash-up device
Automatic blanket wash-up device
Automatic impression cylinder wash-up device
FilterStar
CombiStar with Ink temperature control
Hycolor Multidrive in all units
A unique drive concept for inking and dampening units and a key technology for reducing makeready times by up to 50% through simultaneous makeready processes, featuring functions such as:

- Simultaneous inking unit washing and blanket/impression cylinder washing
- Simultaneous inking unit washing and plate changing
- Simultaneous inking unit washing and coating plate changing
- Stopping unused inking units without time loss (no engaging or disengaging required)
- Unique intelligent optimization and control of simultaneous processes via Intellistart

Preset Plus feeder
Electronic double sheet control detector
Ultrasonic double sheet detector
Electromechanoc stream control
Autoplate XL 3 (Simultaneous plate change with simultaneous washing)
Perfect jackets
AutoPlate Coating Pro - High end coating system with chamber doctor blades + Anilox roller
Second coating circuit with CoatingStar Compact CAN (final coating unit)
Fast and trouble-free switching between two different coating systems. Includes a complete additional piping set and the CoatingStar Compact CAN - a high-performance coating supply unit suitable for a wide range of coating types, including aqueous and UV coatings.
Multi Loader anilox roller storage (final coating unit)
Turret system for up to 4 anilox rollers with an integrated crane enables automated, fast, and convenient anilox roller changes by a single operator. Loading of the turret with anilox rollers is possible during production.
Dryer: DryStar IR/TL Dryer in delivery and 4 slots
Powder device: PowderStar AP 500 Duo CAN
Powder exhaust
UV Preparation for delivery
Preparation for LED intermediate deck dryer (LW 9/LW)
Preset Plus delivery X3
ANS automatic Nonstop delivery
StaticStar Advanced
Static elimination system for demanding applications, consisting of 1 neutralizing bar, 6 ion blowers in the feeder, and 3 neutralizing bars in the delivery.
CleanStar
Dynamic sheet brakes

Technical details

Colors	8
Max Sheet Size	750 x 1060 mm
Max Speed	15.000 c/h
Sheet Size	B1 (100 cms/40")
Configuration	8 Colour
Power consumption	174kW
HS Code	84431300

PRICE: Upon request
