Offer 375688

MK MK420Q from 2013

Corrugated Cardboard Production

Offer Details

Offer Number	375688
Brand	MK
Model	MK420Q
Manufacturer	MK
Condition	Good
Year	2013
Incoterm	EX Works
Cylinders Condition	
Under Power	Yes
Still in production	Yes
Test possible	Yes
Complete and in working condition	Yes
Availability	
Counter	
Machine number	

Description	C. Standard Components 1. Sheet feed Section -- pneumatic elevating mechanism for Feeding knife□ jogger plate -- mechanical double sheets control knife and scratch-proof device, 2 sets -- mechanical assistant feed knife 2 sets -- different sheet size carton’s subsidiary pressing roller -- carton’s supporting mechanism, supporting strut, supporting roller, 2 sets each -- imported soft-type suction belt without interface, 4 pieces -- Vacuum feeding belt and suction device, 4 sets -- Variable-frequency motor for independent driving 1 set -- Exclusive vibration motor for loosen paper-pile, 0.18KW -- Touch Screen and main operation control electrical box 2. Correcting Section -- left□right conveyor lower belt 1 set each - - left-right rectify upper adjustment mechanism 1 set each -- accurate registration left-right device 1 set each -- exclusive bracket paper accessory for large size sheet, 2 sets -- Upper pressing paper accessory, 2 sets 3. Camera Section -- Imported high speed CCD inspection system. Special lighting system, 4 set , -- High speed optics image-pickup processing system 4 sets Front side up 3 cameras of 4k resolution -- Image signal and image processing system 1 set -- Speed accuracy tracking system 1 set -- Signal inspection system device 4 sets -- Peripheral electrical equipment Control system 1 set -- liquid crystal operation screen 1 set -- Paper stabilization processing device 1 set -- Supporting frame for inspection system 1 set -- convey section of product after inspecting 1 set -- high-power air draft processing device 1 set 4. Reject Section -- left and right paper delivery device 1 set each -- left right and under delivery pressing belt 4 pieces -- left□right and above delivery pressing belt 2 sets -- waste product rejecting device 1 set -- left-right rejecting device 2 sets -- left-right rejecting cylinder 2 sets -- exclusive high-speed solenoid valve 1 set -- paper length adjusting mechanism 2 sets 5. Waste delivery section stream type -- waste output device 1 set -- delivery transmission gear 1 set -- collecting regulation device 1 set -- auto-start sensor device 1 set -- waste extension collecting device 1 set 6. Finished product collecting section , stream type -- finished product collecting device 1 set -- output transmission gear 1 set -- paper jam detection device 1 set -- collecting adjustment device 1 set 7. Electricity and transmission system -- Variable-frequency motor speed 5.5 kw main motor, exclusive air pump 3.7kw -- imported auto-frequency converter 5.5kw,0.75kw -- imported PLC controller device -- mode of human computer interaction and mode of touch screen operation -- the overall machine adopts low noise synchronous belt drive system 8. Accessory equipment -- Buyer to provide air compressor, which should follow basic specification : flow rate ≥ 0.8M/min, capacity: 7.5KW 9. All electrical parts are CE or UL approved --

Technical details

Max sheet size:	420x350 mm
Min sheet size:	70x70 mm
cardboard	180
Max speed:	75,000 sheets/hour

PRICE: Upon request
