

Offer 371067

**TECHNOTRANS TBP 200/15-9 INK
SUPPLY from 2004**

Sheet Feed Machines Components

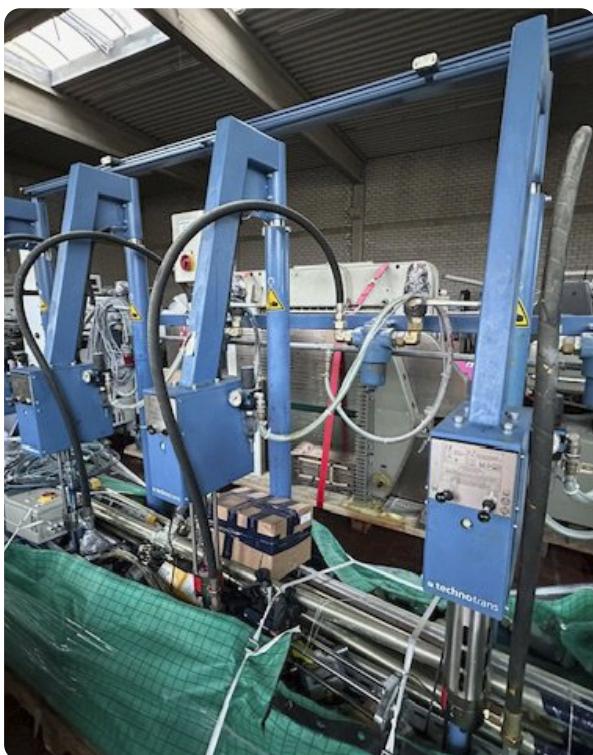

Offer Details

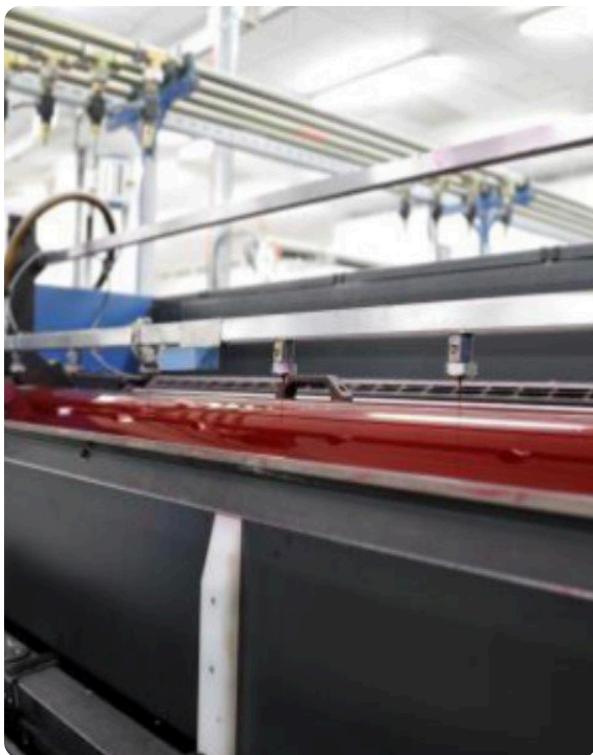

Offer Number:	371067
Brand:	TECHNOTRANS
Model:	TBP 200/15-9 Ink supply
Manufacturer	TECHNOTRANS
Condition:	Good
Year:	2004
Incoterm:	Free Carrier
Cylinders Condition:	
Under Power:	No
Still in production:	No
Test possible:	No
Complete and in working condition:	Yes
Availability:	Immediately
Counter:	
Machine number:	
Description:	Technotrans ink supply 4000236<>Serial ink supply system for<>sheetfed offset the power of modern printing presses: automation of the ink supply system for special colors, with a free choice of <>technotrans has developed an unique that<>permits a central ink supply for

printing<>from large containers or 2 l tailored<>individually to your specific needs. Printers who still use the can and bottle system should<>seriously consider whether they are capable<>of keeping up with increasing ink levels in the ink ducts and the need to keep<>inspecting the ink level are further reasons which<>there is really only one solution: a central ink supply with method in it technotransfer. Supply all sheetfed printing presses with ink on demand, with various<>degrees of automation, as possible. Central ink supply systems are effective means<>of supplying process inks. They comprise three<>components:<>The pump system, which performance pumps transfer the ink from the ink source, such as hobbocks, barrels or mobile/stationary tanks, to the printing presses. The pipework system, which pipework systems with ink filters and sensors, deliver the ink to the printing presses with the precision required. The filling system, which fills the printing presses with ink, through the ink duct, and with different level of automation, from the highest level of comfort as required.
